

THE FOREST INSPIRES US!

The forest inspires us to...explore and look for answers together.

The forest gives us
medical herbs, such as
elder.

It inspires us to...arrange our yards
and plant flowers

“Plant a tree and
look after it.”

The forest comes with various materials and game ideas.

It inspires us to paint and create.

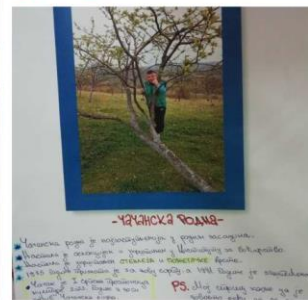

PIC•COLLAGE

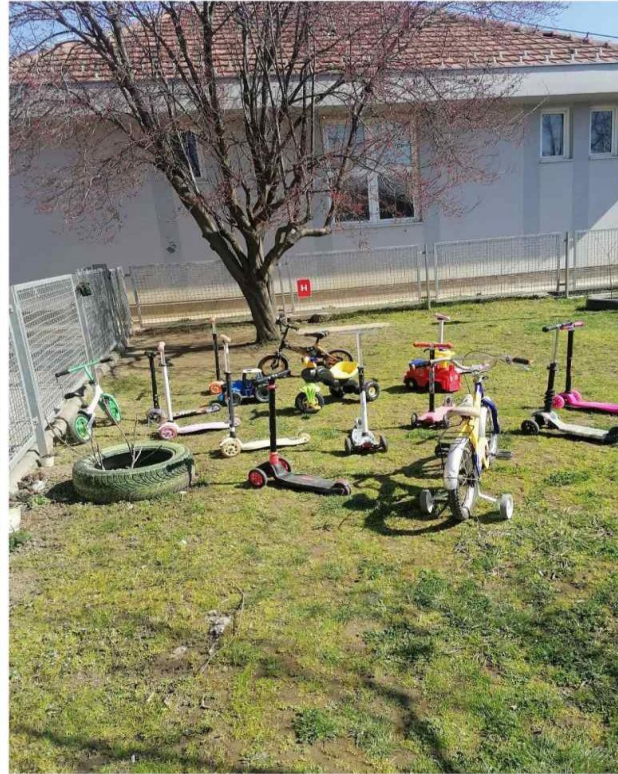

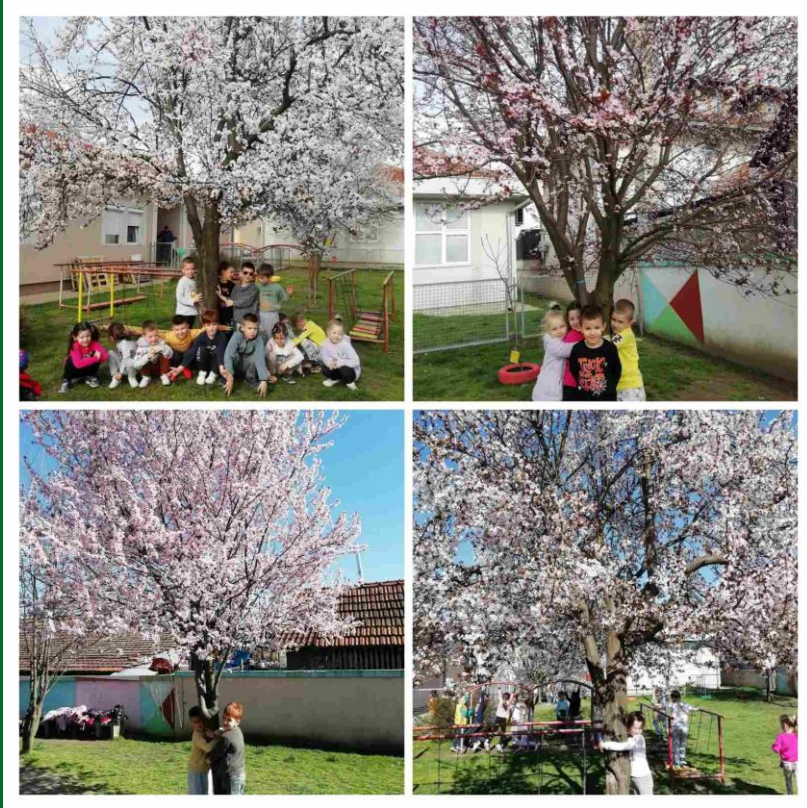

Spend a day in the forest with your family and make an ecological collection.

Save the nature – come to the kindergarten by bike, scooter,...

Game – “Hug the tree” and the tree as the center of the game

Forest themed costume party

Our forests during winter

We miss the forest in winter, so we make it ourselves in the kindergarten

We are using knowledge gained from trainings in Slovenia and Italy.

The forest inspires us to
build an outdoor
classroom...

Thank you for your attention!
Eco greetings from Serbia!
