ISTITUTO COMPRENSIVO STATALE "SOVERATO 1°"

ONCE UPON A TIME...

- ◉ There was a school with children and a garden. No one went out into the garden because it was abandoned and teachers and children asked several times the municipality to clean it...
- ◉ One day the teachers were invited to join in a FOREST EDUCATION PROJECT with Slovenia and Serbia...
- ◉ and the MAGIC WAS BORN...

- Upon returning the teachers told the children what they had learned, the importance of making them live in nature and with the nature.
- A WONDERFUL JOURNEY OF IDEAS has begun together
- CHILDREN TEACHERS AND NATURE...
- and this is the story of this trip...take a seat and enjoy the magic that happens when the child meets nature...

- And the ending of this story?there is no ending...this is just the beginning

- ◉ You may be wondering what a beautiful bedtime story.
- ◉ No... this isn't a fairy tale but it's what really happens when TEACHER from many countries combine their knowledge, their being towards the pupils who are our future.
- ◉ Many thank to those who made this dream come true.
- ◉ And as always we say...

MAY THE FOREST BE WITH YOU
