

KROŽNOST V PRAKSI

Zakaj podjetje Aquafil spodbuja krožne prakse?

21.11. 2023

Tina Mavrič, marketing in PR, AquafilSLO

10. Osnove krožnega gospodarstva

8. Krožno gospodarstvo

Skupina Aquafil v Sloveniji

Aquafil Worldwide

2. Model tovarne

7. Uporabna kemija

5. Iz česa so ženske hlačne nogavice

Produktna področja

Vlakna za oblačila

21%

Vlakna za tekstilne
talne obloge

71%

Polimeri

8%

The ECO PLEDGE®

Rethinking products in a circular perspective

Innovating products to make them increasingly circular, giving new life to waste materials, in an infinite cycle

Protecting the environment

Producing consciously and responsibly, pursuing continuous improvement and excellence in every aspect

Attention to the well-being of people

People who, with commitment and passion, are the foundation of the Group

Shared responsibility along the supply chain

Collaborate with suppliers and customers to bring environmental change and sustainability in the entire sector

Support local communities

Grow in harmony with local communities, promoting a prosperous and respectful development of their territory

Neskončno recikliranje, neomejene možnosti

100% regenerirani najlon, ki ga je
mogoče 100 % regenerirati.

Edinstvena lastna tehnologija

Enake lastnosti in kakovost kot
deviški najlon, a brez uporabe novih
virov.

43,5 % Aquafilove prodaje vlaken v
2022.

3. Didaktične kartice in družabna igra

4. Ujeta v mrežo

Sistem regeneracije ECONYL®

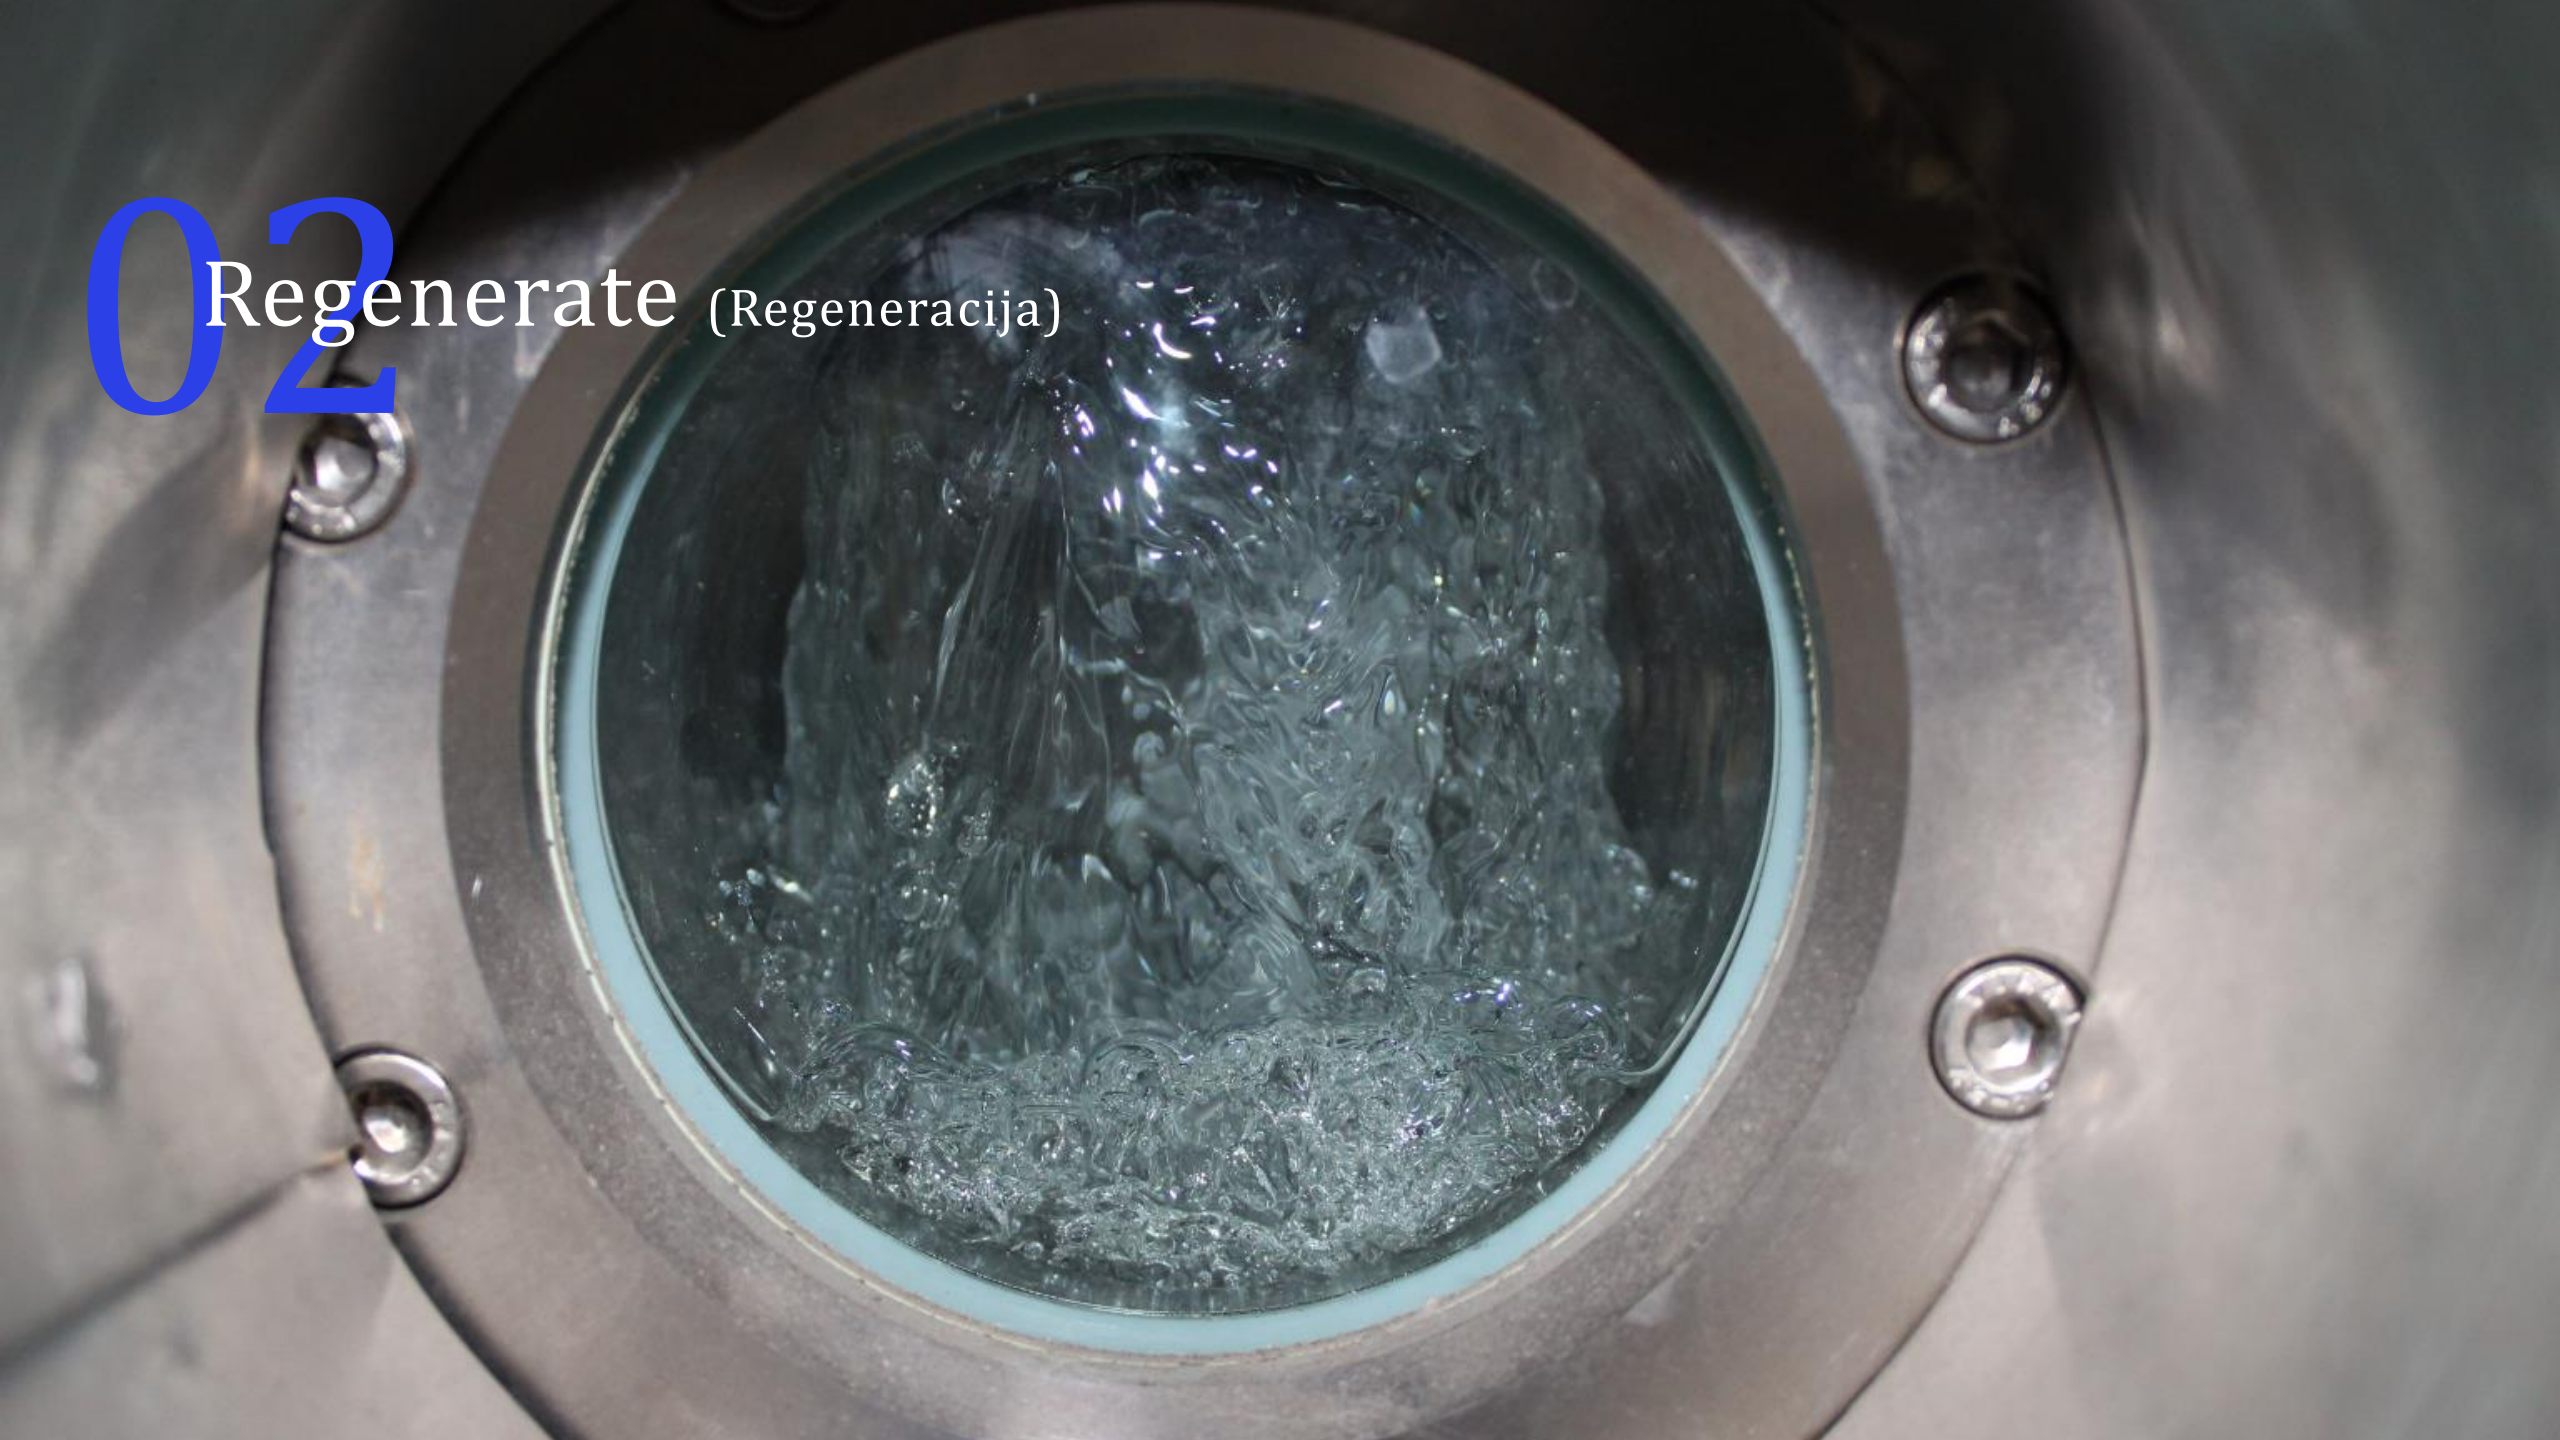

01 Rescue (Reševanje)

02 Regenerate (Regeneracija)

03

Remake (Predelava)

04

Reimagine (Preobrazba)
