

Vpliv človekove dejavnosti na vodotoke

▶
Dijaki: Žan Tertinek, Niko Breznik, Eva Hanc
Mentorji: Simon Gračner, Natalija Horvat

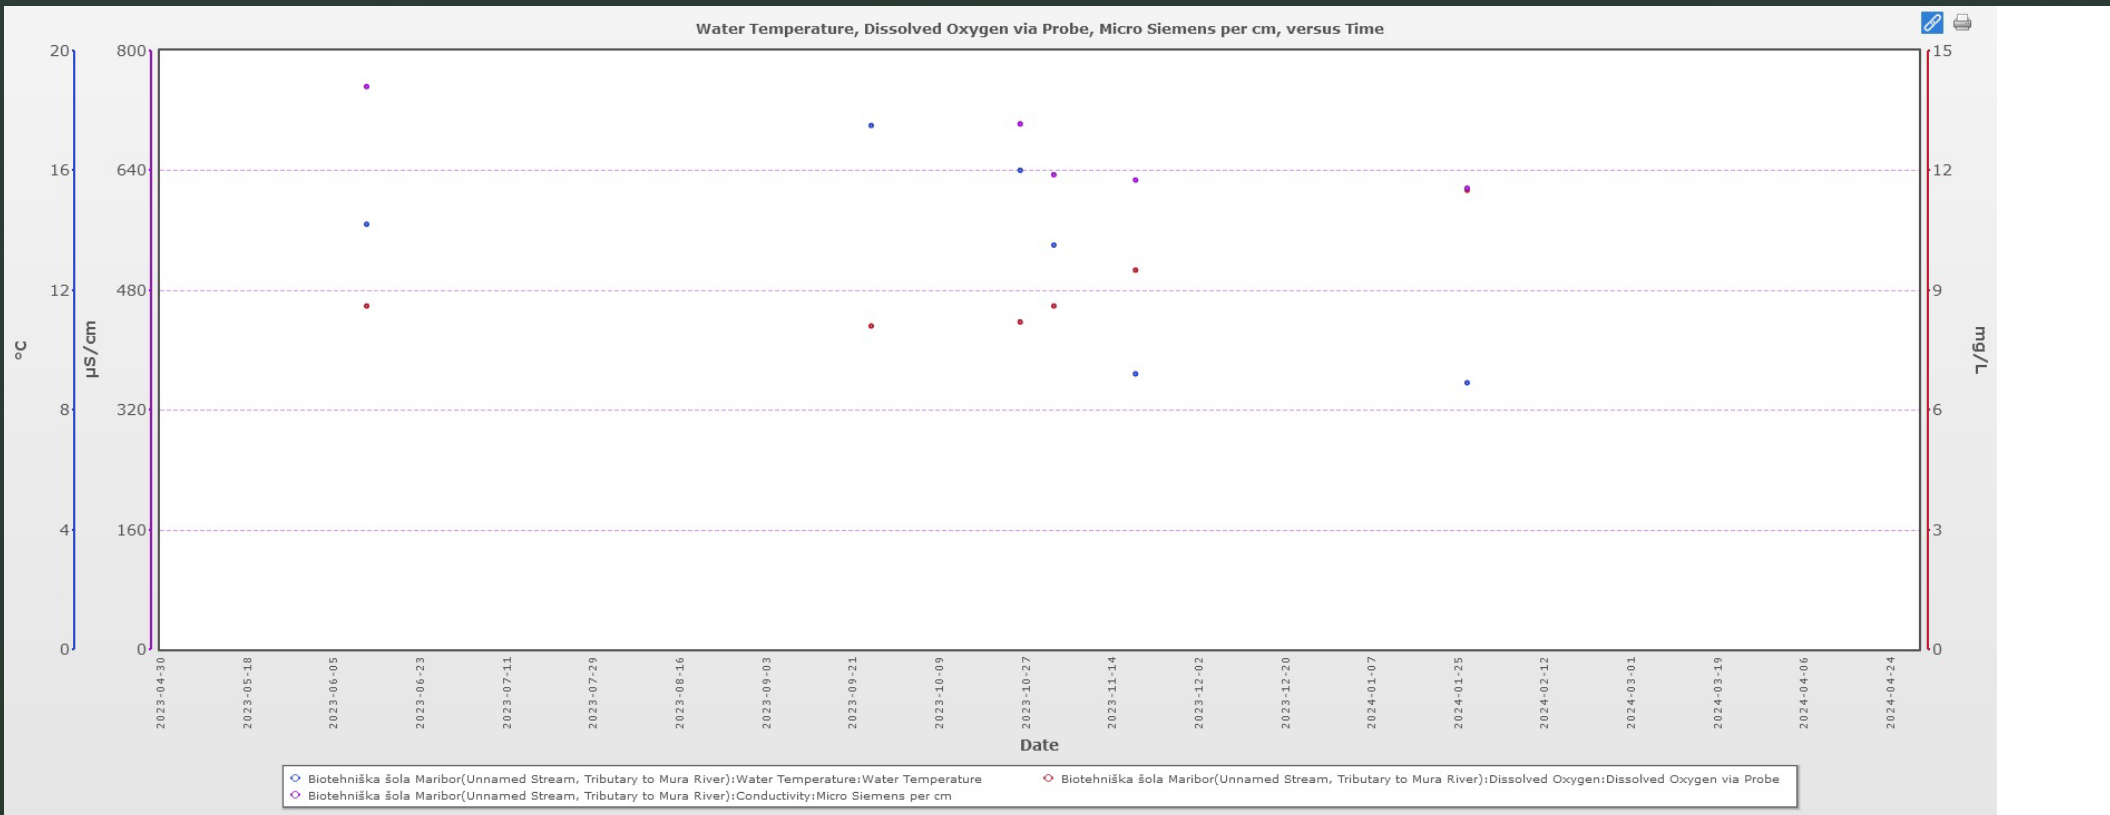

Co-funded by
the European Union

Uvod

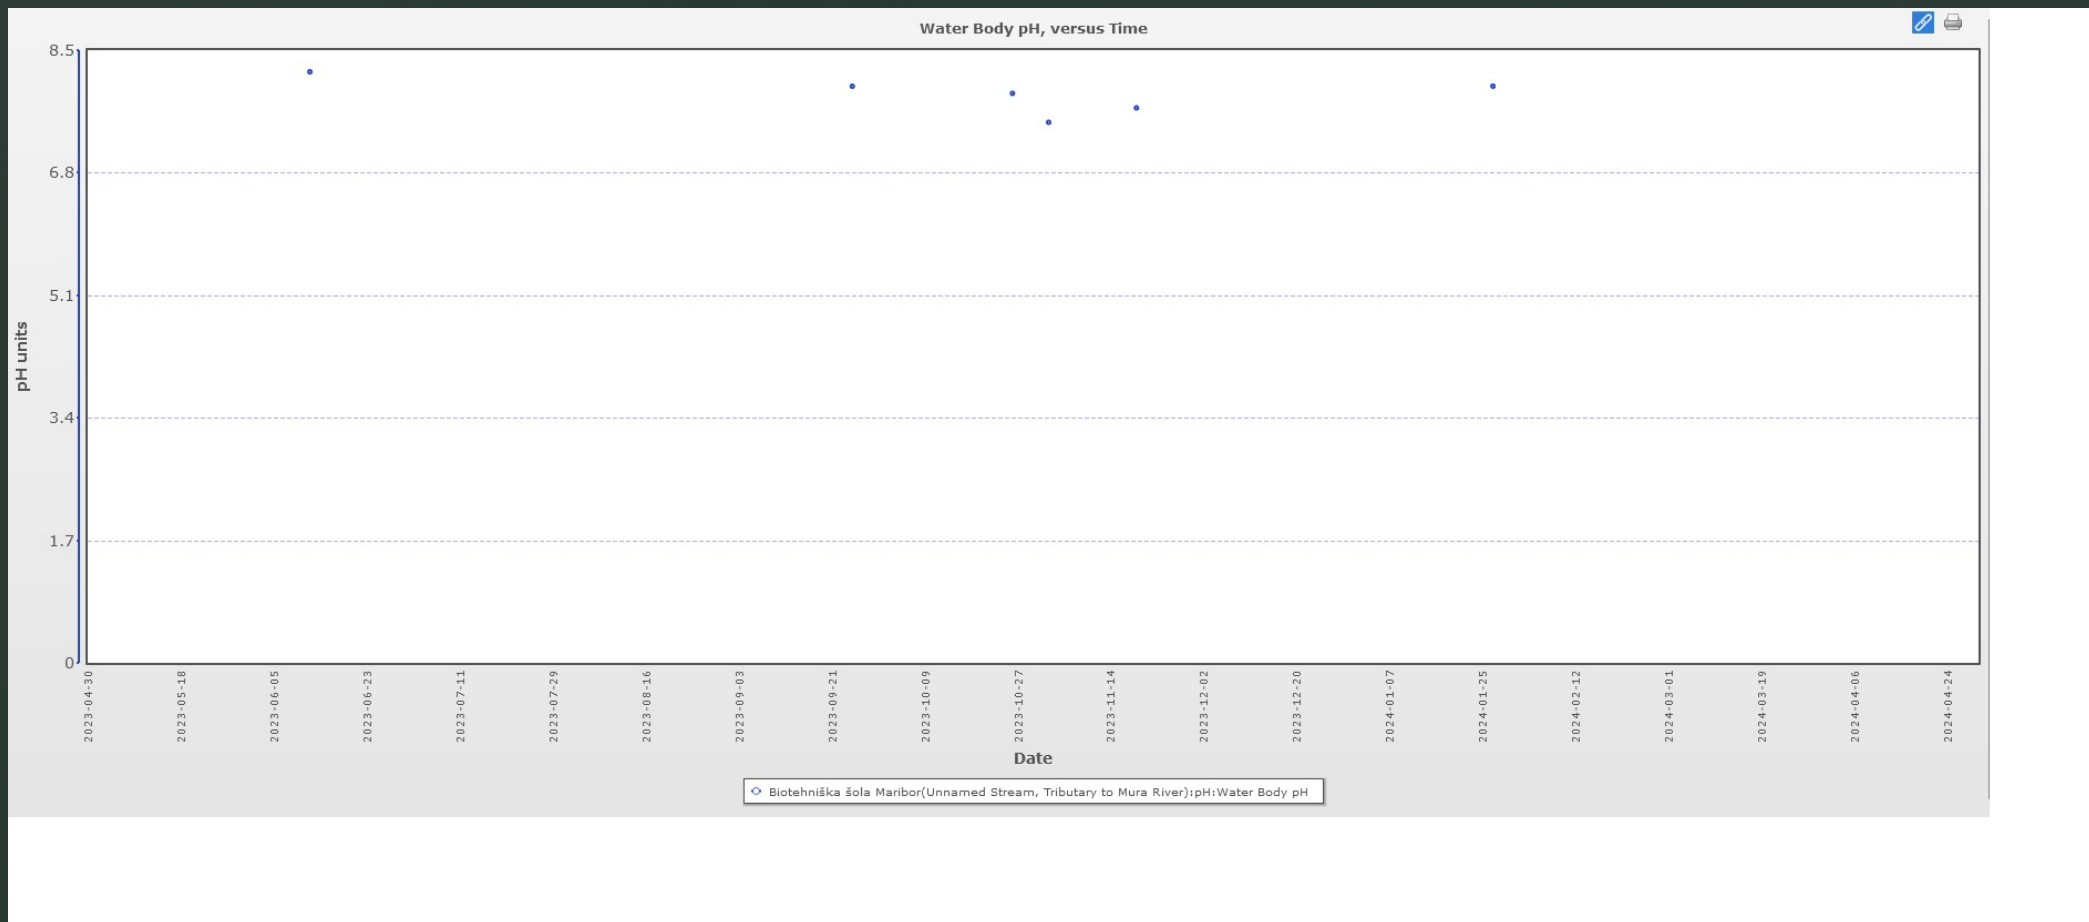

- Hipoteze:
 1. V vodotokih bomo izmerili višje vrednosti nitratov.
 2. V vodotokih ne pričakujemo najboljših pogojev za organizme.

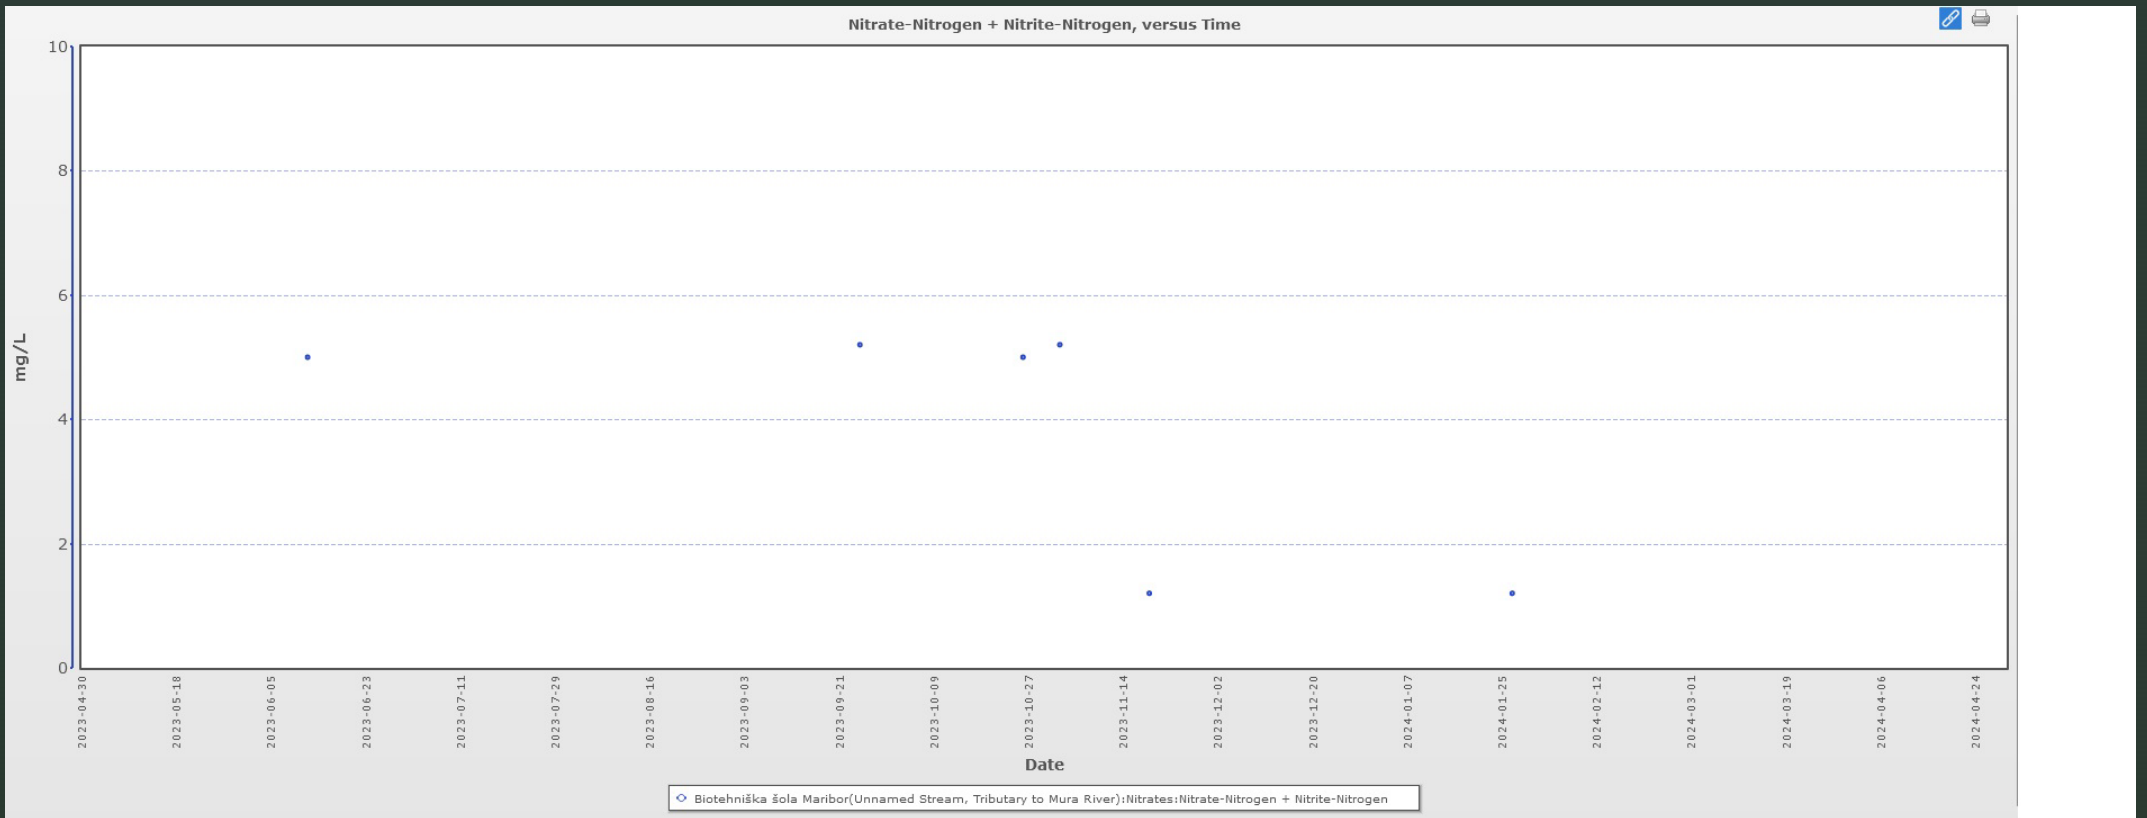

Električna prevodnost, temperatura vode, raztopljen kisik

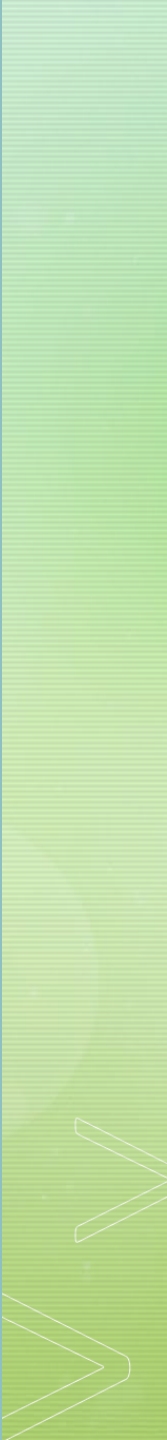

pH vrednost

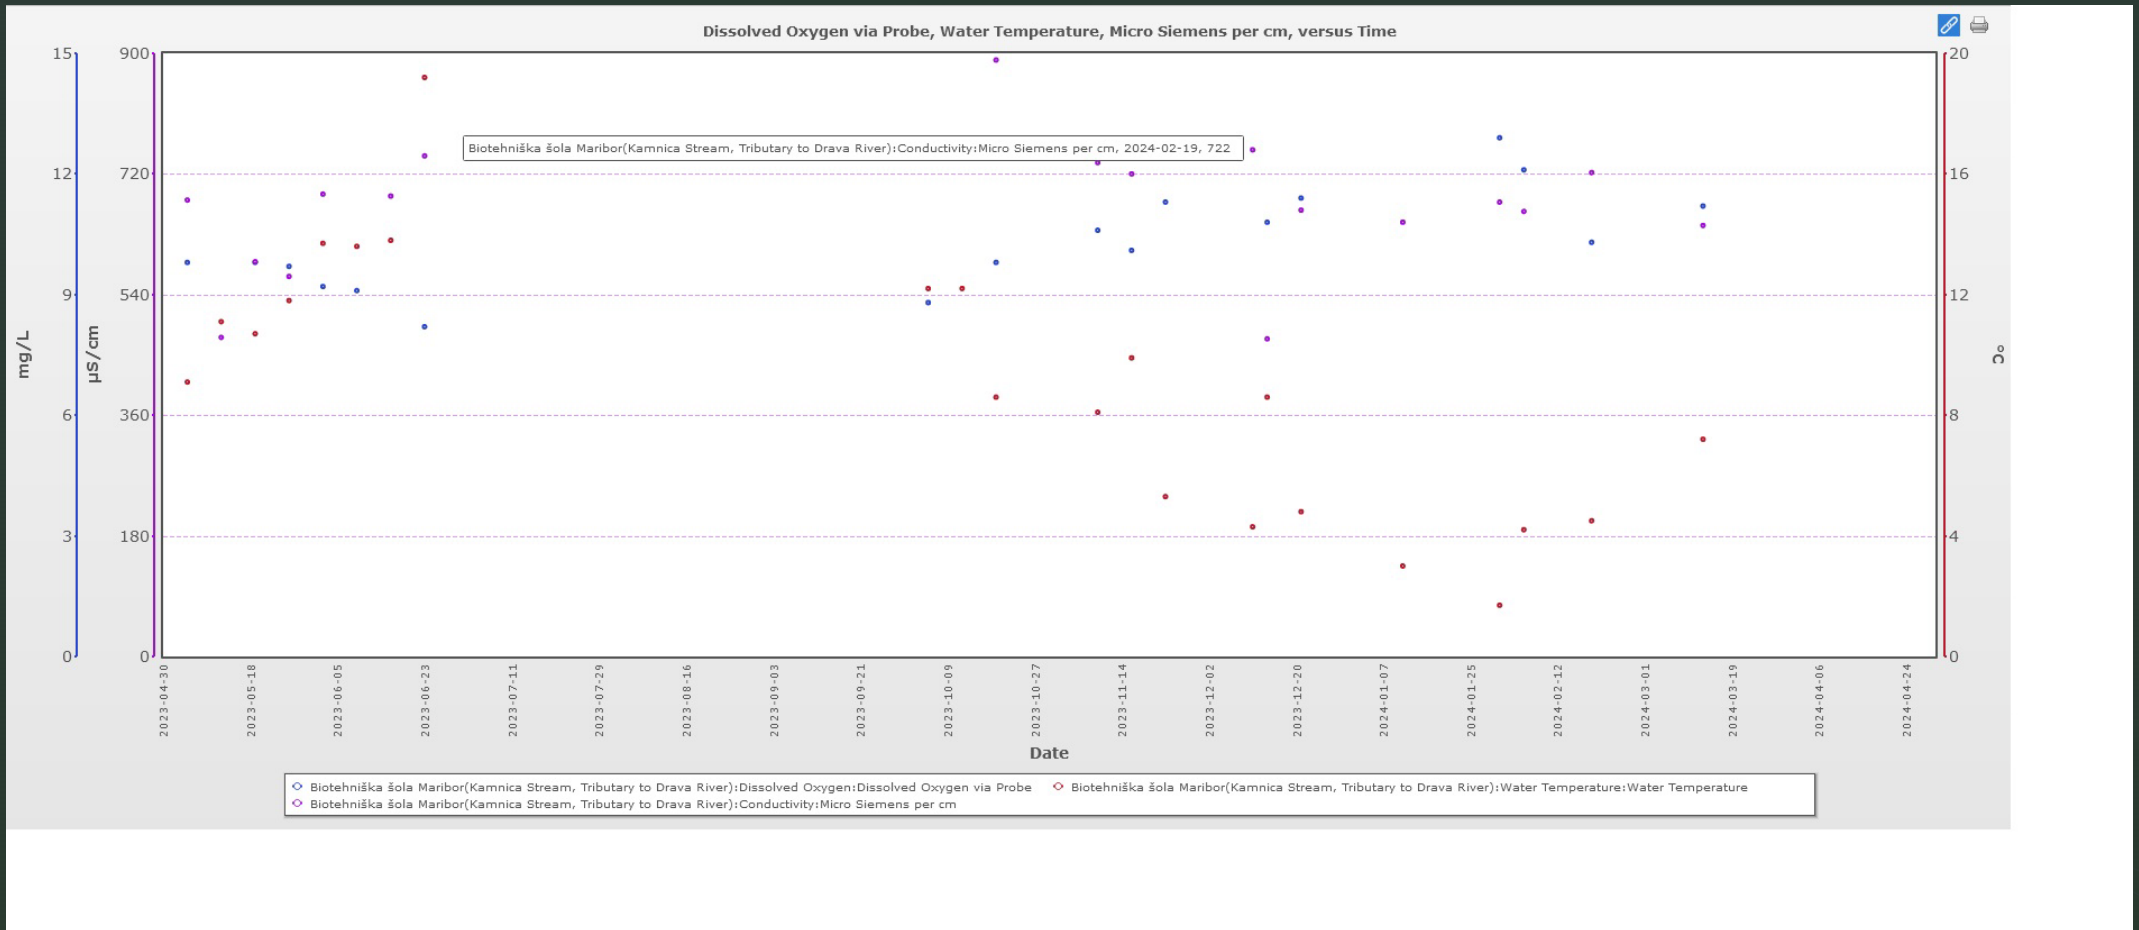

Nitrati

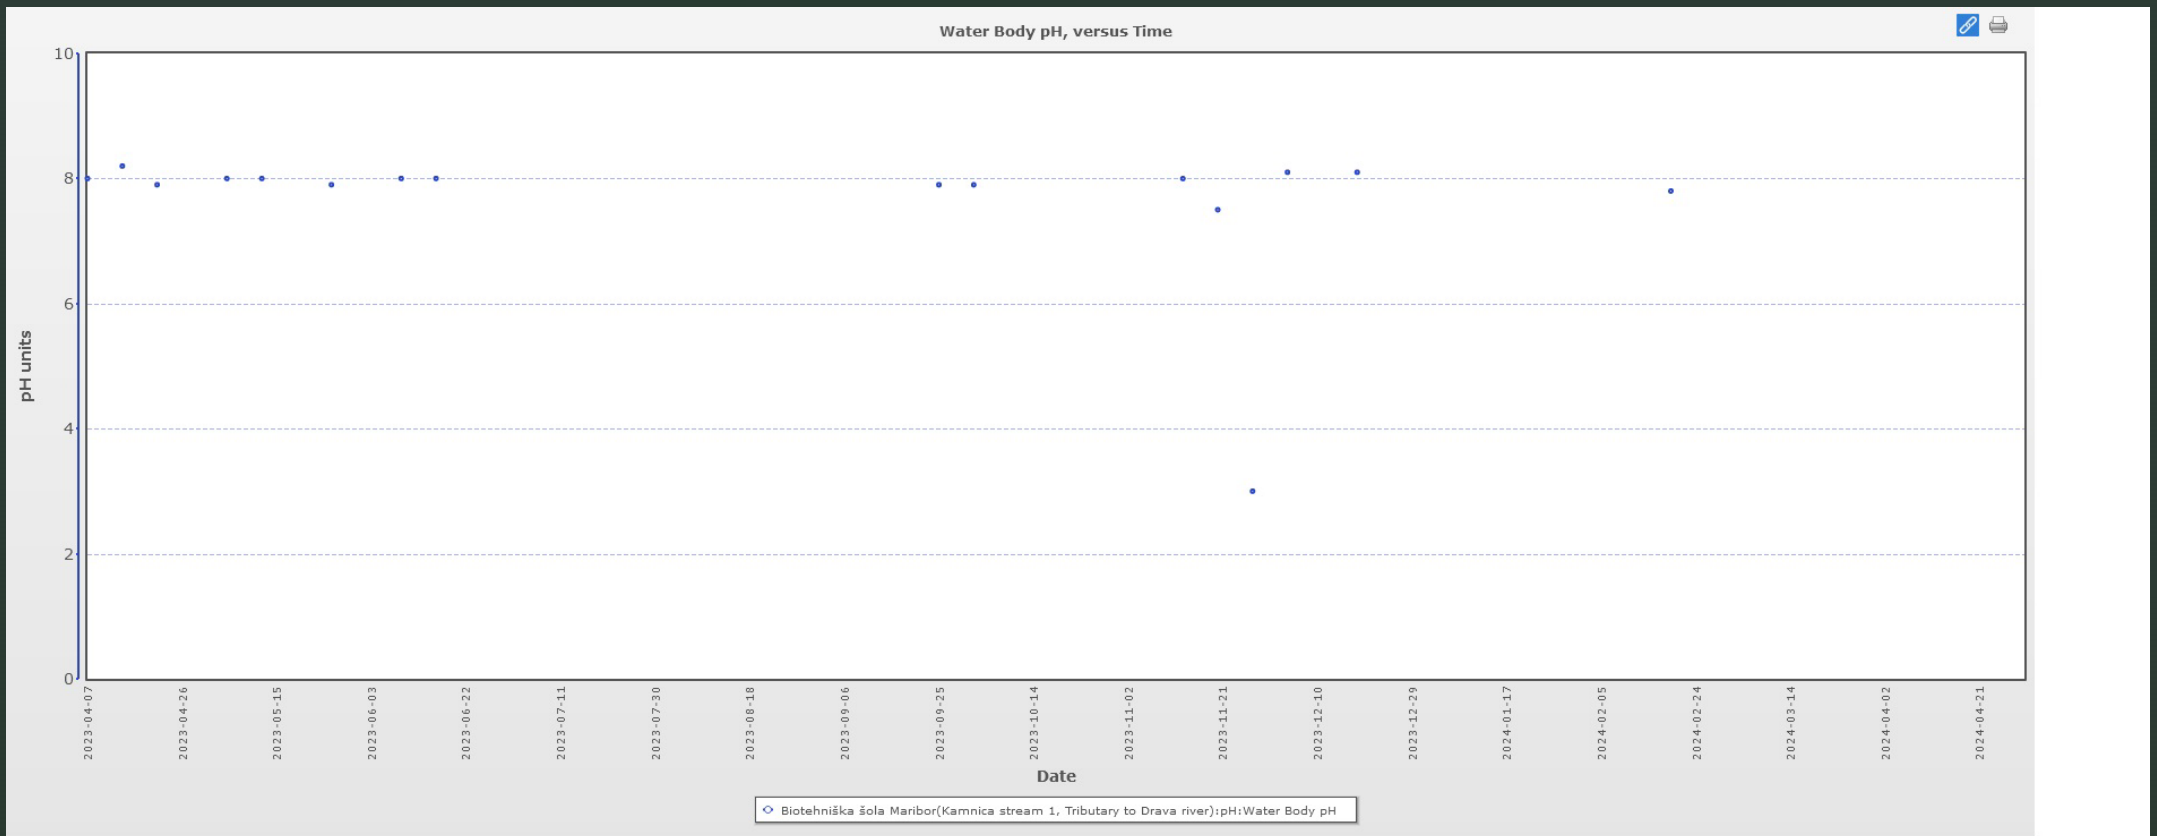

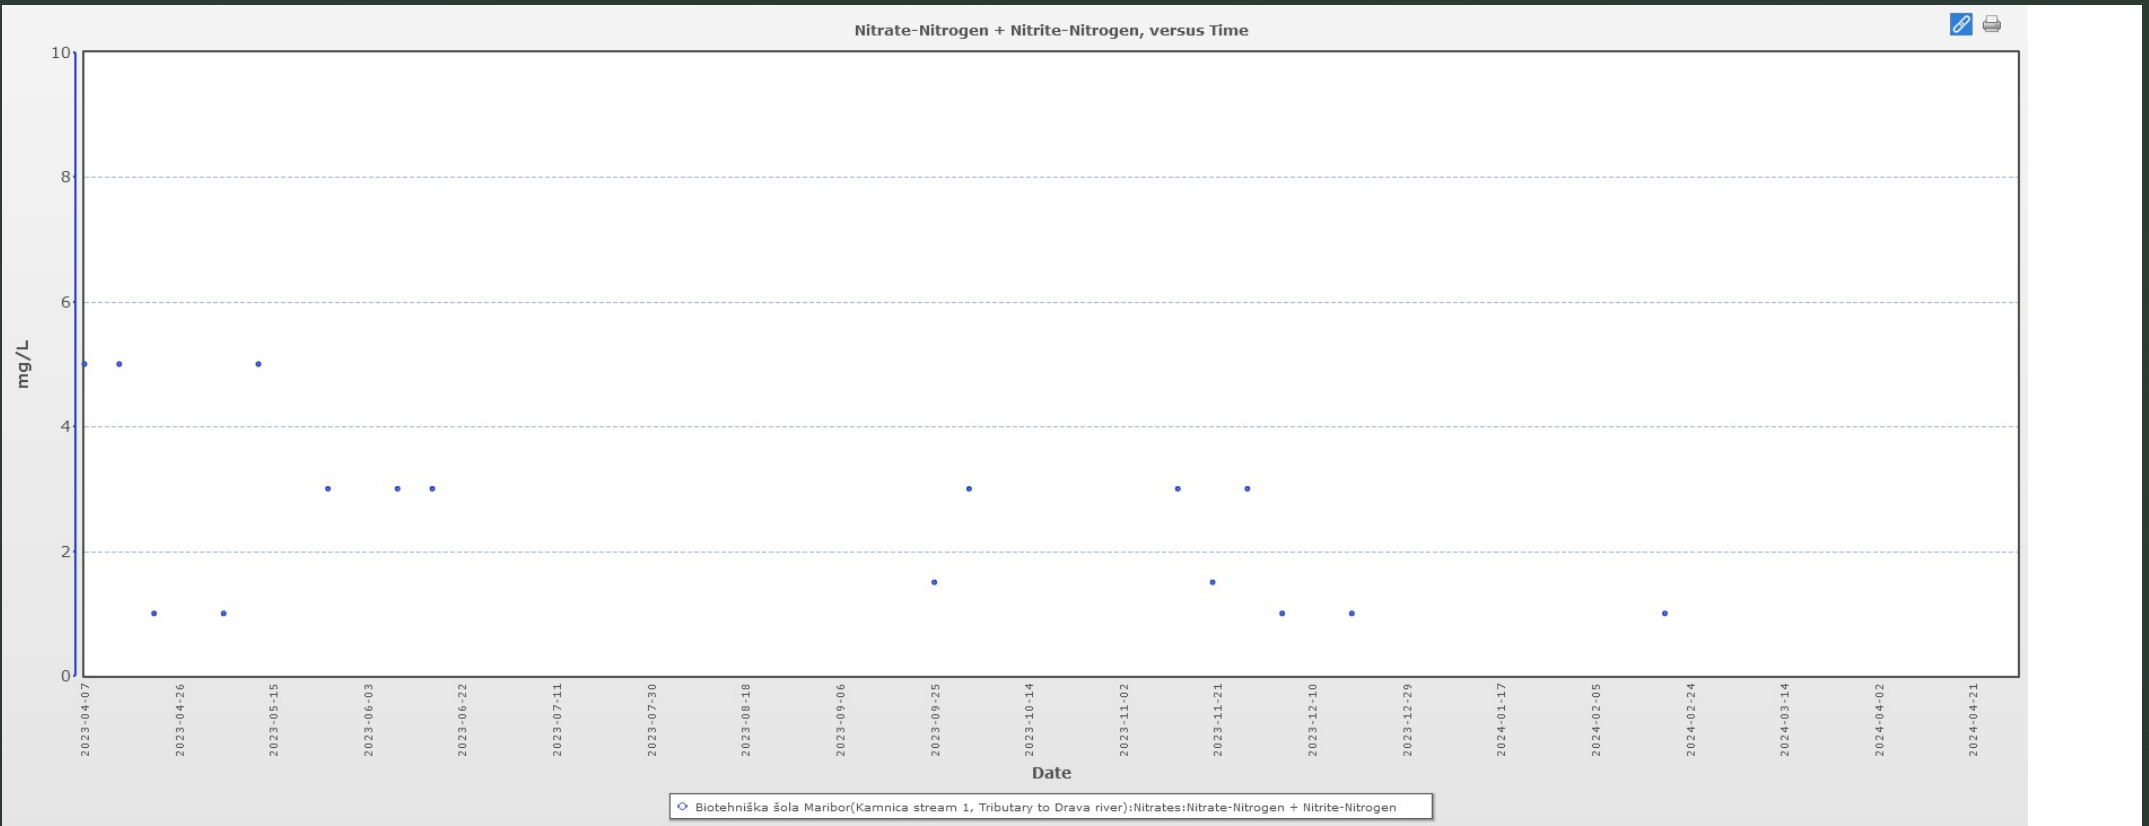

Električna prevodnost, temperatura vode, raztopljen kisik

pH vrednost

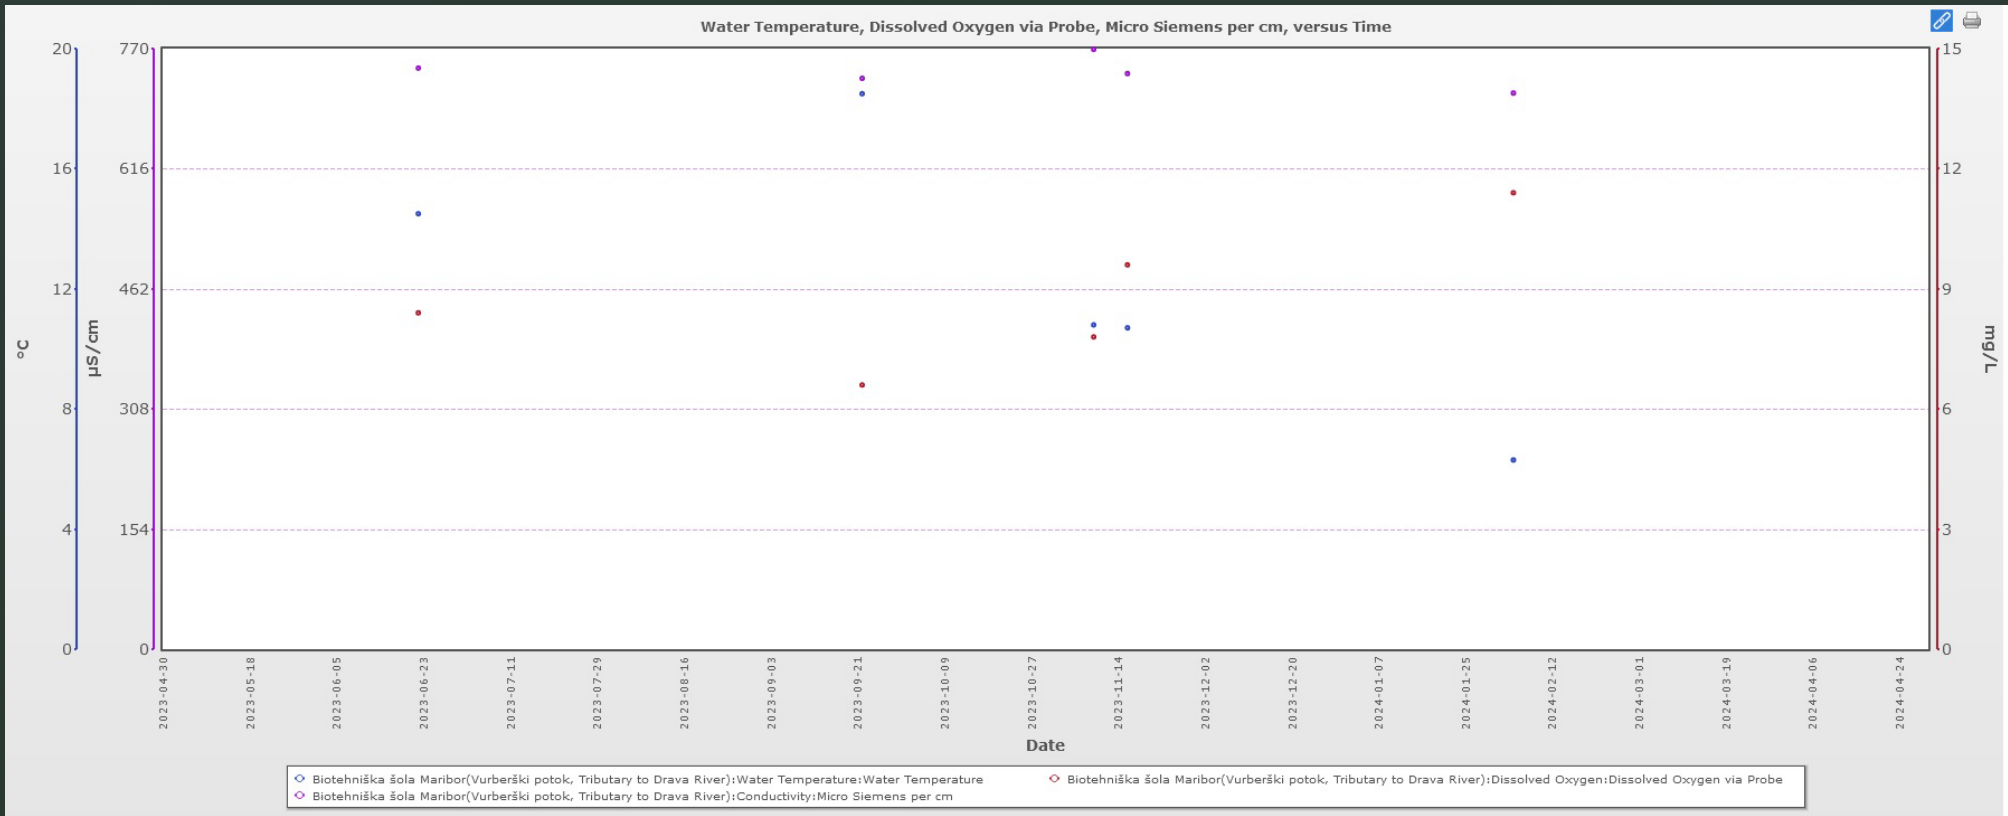

Nitrati

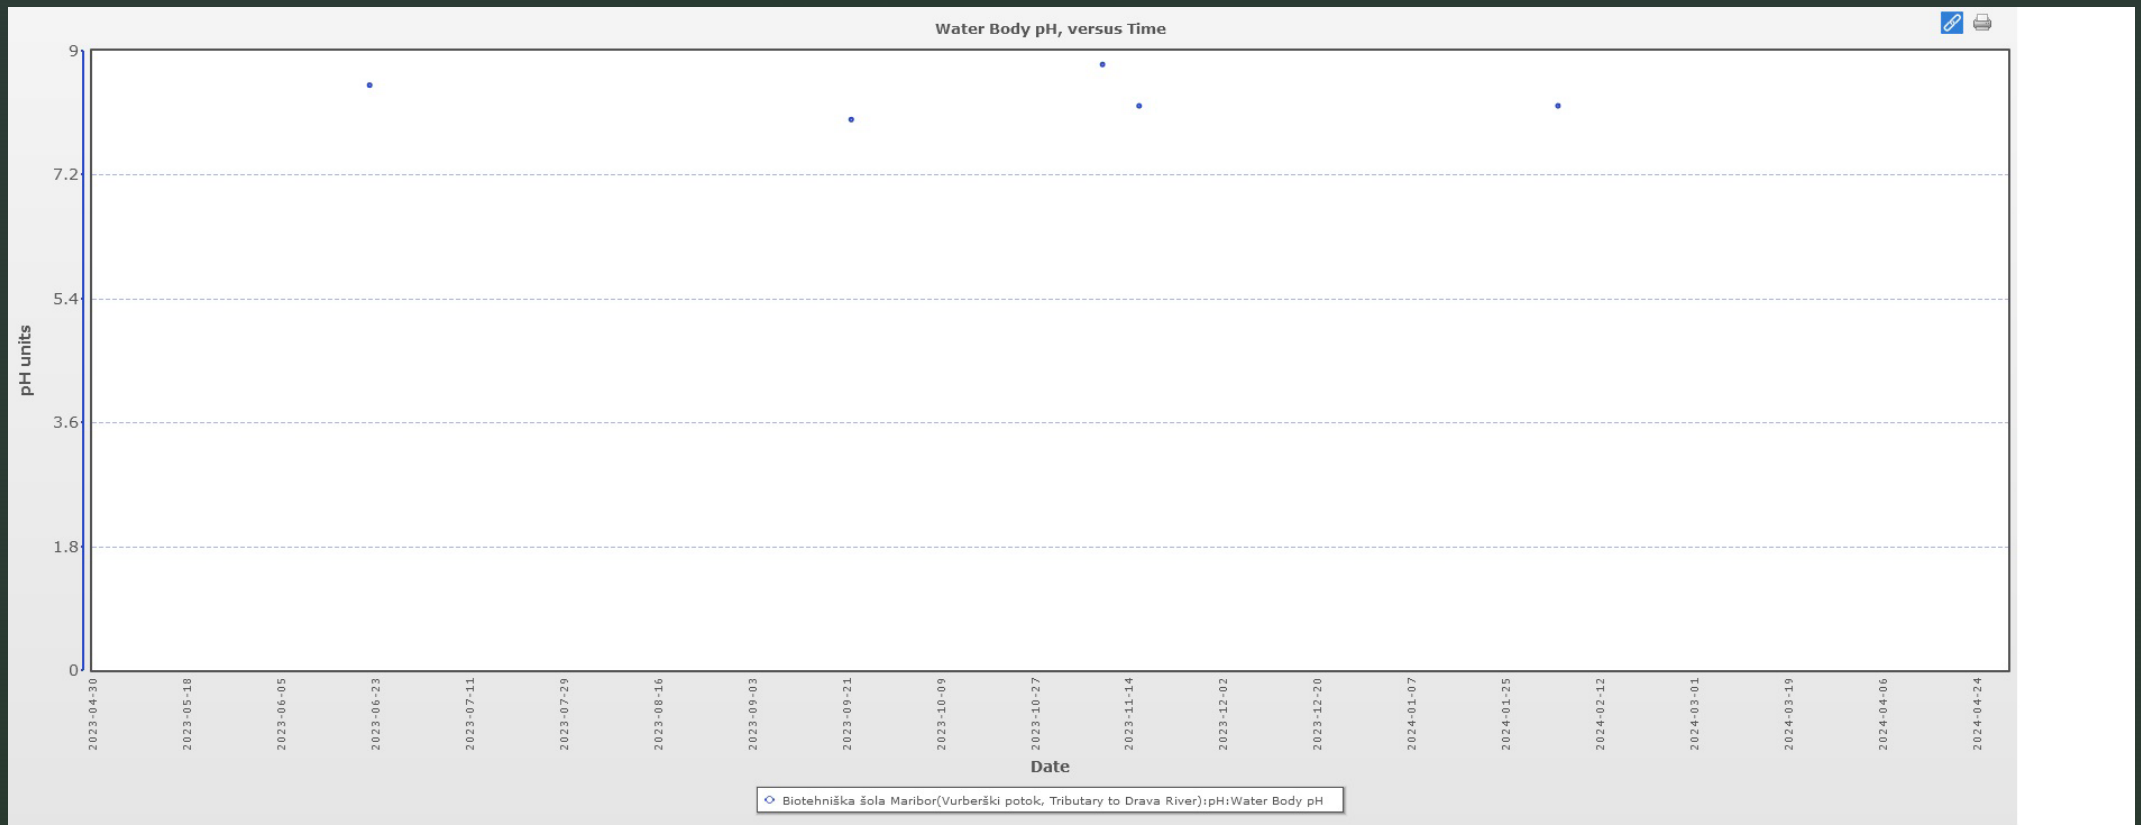

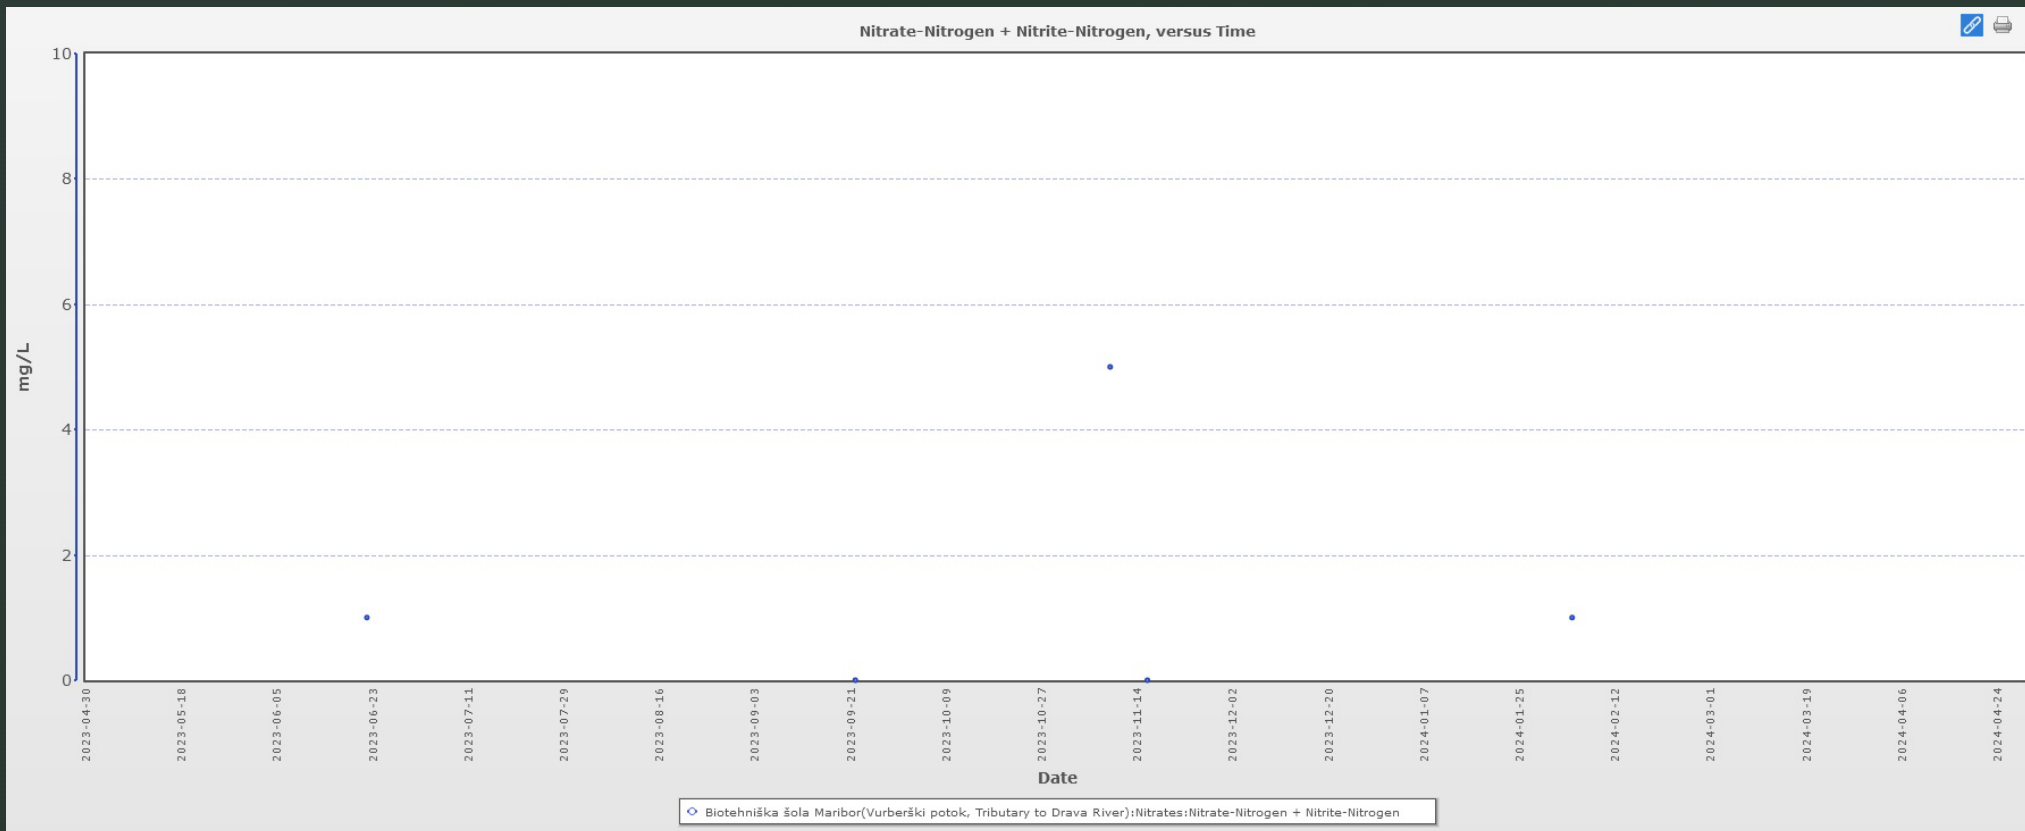

Električna prevodnost, temperatura vode, raztopljen kisik

pH vrednost

Nitrati
