Črni Peter-preprosta pravila za otroke

Cilj igre:

Ne smeš ostati z edino karto brez para (voda) - to je Črni Peter.

ČRNI PETER

Število igralcev:

2 ali več.

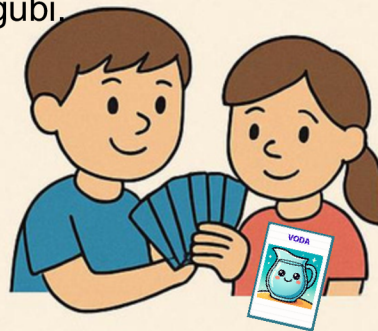

Kaj potrebujemo:

Karte za igro - povezovanje hrane s pari to je jedmi, ki smo jih pripravili. Skupaj 25 kart - 12 parov in en Črni Peter - voda, ki sodi v vsa živila.

Kdaj končamo:

Ko vsi naredijo pare in ostane samo ena karta - Črni Peter. Kdor jo ima, je Črni Peter in igro izgubi.

Kakoigramo:

1. Prvi igralec ponudi svoje karte (obrnjene navzdol).
2. Sosed izbere eno karto.
3. Če dobi par, ga položi na mizo. Če ne, karto obdrži.
4. Nato igra naslednji igralec.

Namig: Za lažje povezovanje parov si poleg sestavin lahko pomagamo tudi z barvnim okvirom kartice. Vsak par ima svojo barvo.

Black Peter- simple rules for children

Cilj igre:

You can't be left with the only card without a pair (water) - that's Black Peter.

BLACK PETER CARD

Number of players: 2 or more

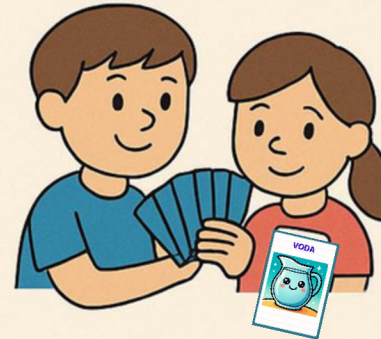

What we need:

Playing cards - matching food with pairs these are the dishes we've prepared. A total of 25 cards - 12 pairs and one Black Peter - water that goes with all foods.

End of game:

When everyone has formed their pairs and only one card remains- the Black Peter. The player left with it loses the game.

Kakoigramo:

1. The first player to offer his cards (upside down).
2. The neighbor picks one card.
3. If he gets a pair, put him on the table. If not, the card is keep.
4. The next player takes his turn.

Hint: In addition to the ingredients, you can use a colored frame on the card to help you connect couples. Each pair has its own color.
